1. when the moment of birth of the applicant, none of the parents was a citizen of the Republic of Slovenia or 2. in the case when the moment of birth of the applicant parent was a citizen of Slovenia, the applicant was born abroad, but In this time the applicant has more than 36 years and he/she was too late for notification.

### **a) for applicants living abroad:**

- Adult Slovenian origin applicant shall submit an application for citizenship by naturalization on the basis of national emergency reasons after 13th clause of the Law of Citizenship of the Republic of Slovenia (ZDRS-UPB2, Official Gazette of RS, no. 24/2007) at the Ministry of Interior (MNZ) in Ljubljana, one of the administrative units in Slovenia or at the diplomatic or consular mission of the Republic Slovenia abroad.
- The applicant may in the same form in which he/she applied for citizenship after 13th clause of ZDRS, also asks for citizenship of their minor children.
- Ministry of the Interior shall conduct the proceedings and issue a final decision.
- In the process, the Ministry of the Interior to obtain the opinion of the Government of the Republic of Slovenia for Slovenes Abroad (Office) concerning the reasons for the exceptional naturalization.
- Office formulates its opinion based on the regulations of the criteria for establishing the national interest in acceptance to citizenship of the Republic of Slovenia on the 13th clause of the Law on Citizenship of the Republic of Slovenia (Official Gazette of RS, no. 41/2007 and 45/2010 - Regulation).

Regulation provides that exceptional naturalization of national reasons is permitted if:

- the applicant is a Slovenian immigrant and he/she is at least the second generation in a straight line (up to grandfather/grandmother) or he/she is autochthonous Slovenian (the applicant is of Slovenian origin) and
- the applicant demonstrates active ties with the Republic of Slovenia or to be active in Slovenian associations not less than 5 years at schools for Slovenian language or belong to the Slovenian emigrational organizations.

Exceptional naturalization for national reasons, it is also possible in the case where the applicant is of Slovenian origin, Slovenian citizenship once possessed was due to justifiable reasons sacked from Slovenian citizenship and now again applied for Slovenian citizenship. (NOTE: this is to be considered for those emigrants who have to work or other reasons to apply for citizenship of a foreign country to which they emigrated, but it is a foreign country as a condition for admission to his or her nationality requested that the applicant denounce the current Slovenian citizenship).

Regulation explicitly points out that the applicant has to attach to the request of Slovenian citizenship the evidence to proof their active ties with the Republic of Slovenia or documents of relevant organizations where he/she have been active in Slovenian associations, Slovenian language schools or other related organizations. Office of Republic of Slovenia has to obtain a recommendation from the Embassy or Consulate of the Republic of Slovenia abroad before the creation of his/hers eligibility for Slovenian citizenship.

Office of the Government of the Republic of Slovenia for Slovenes Abroad, which is the competent authority for an opinion on whether is in this case existence of national reasons, gives favorable opinion in the event that the applicant is a person of Slovenian origin, and that the applicant must show his/hers active engagement permanent active contact with the Republic of Slovenia. Office considered that such a permanent active personal contact with the Republic of Slovenia is shown:

(A) in the case of a person who is actively involved for many years in Slovenian clubs, schools or Slovenian language Slovenian emigrant, migrant or minority organizations;

(B) where such a Slovenian organization, or school. Society in the city (or reasonable distance), where the applicant resides, does not exist, but the applicant can prove a personal and permanent active relationship with the Republic of Slovenia to demonstrate other documented way, or

(C) where such organization or school, where the applicant resides, does exist, but the applicant for objective reasons (advanced age, illness), can not to work actively, but the applicant his/hers active relationship can demonstrate other documented way. For these - the elderly and / or ill - applicants, the Office considered that the permanent active personal relationship with the Republic of Slovenia where proved and that they in the past have been working actively in Slovenian clubs, schools or Slovenian language Slovenian emigrant, migrant or minority organizations.

In exceptional cases examined by the Office on a case-by-case basis and can not be generally defined, by a single act of the applicant shall be considered as proof of his permanent active personal relationship with the Republic of Slovenia. An illustrative example to highlight when the applicant donated a collection of his/hers books to Slovenian association, which illustrates the fact that the applicant has all his life actively maintain a personal connection with the Slovenian culture and language. Office has very positive views on cases where the applicant speaks fluent in Slovenian language (although knowledge of it is not a requirement for citizenship).

Due to the specific nature of exceptional naturalization of national reasons, in order to avoid misunderstandings once again emphasize that to obtain Slovenian citizenship under this procedure is not enough that a person is of Slovenian origin. It is not sufficient that the applicant is a passive member of the Slovenian societies and other organizations, but should be documented active applicant.

Office the reasoned opinion sent to the Ministry of the Interior (MNZ), which obtained the opinion of the Government of the Republic of Slovenia, which has sole jurisdiction to establish the reasons for the exceptional naturalization. The Government send his decision to the Ministry of the Interior, who then in accordance with this Decision shall issue a Decision. MNZ also check whether there are any concerns in the security field (Item 8, paragraph 1, Article 10 ZDRS) for the applicant's admission to Slovenian citizenship.

The applicant becomes citizen of the Republic of Slovenia after he/she had made an oath of the 10th point, 1st Article, 10th clause of ZDRS at Embassy or Consulate of the Republic of Slovenia, only then he/she receives the Decision on admission to Slovenian citizenship.
